

LLIS.gov Resources for Interoperable Communications

A TOOL FOR ENHANCING NATIONAL PREPAREDNESS

Lessons Learned Information Sharing (LLIS.gov) is a US Department of Homeland Security/Federal Emergency Management Agency program. *LLIS.gov* serves as the national, online network of lessons learned, best practices, and innovative ideas for the emergency response and homeland security communities. This information and collaboration resource helps emergency response providers and homeland security officials prevent, protect against, respond to, and recover from terrorist attacks, natural disasters, and other emergencies. *LLIS.gov* provides Federal, State, and local responders with a wealth of information and front-line expertise on effective planning, training, and operational practices across homeland security functional areas.

LLIS.gov at a Glance

- Online since April 19, 2004
- Over 43,000 registered members
- Over 12,000 documents, including more than 1,500 state and local plans, 600 after-action reports, and 750 original content documents
- Secure message boards and collaboration tools
- Targeted information on current homeland security topics

INTEROPERABLE COMMUNICATIONS

The *LLIS.gov* Interoperable Communications page is a one-stop resource for information related to basic guidance, tactical interoperable communications planning, strategic planning, and governance. Documents on this page address such topics as:

- Tactical Interoperable Communications Planning;
- Strategic Planning;
- Governance;
- Common Language and Plain English;
- Technology Solutions;
- Training and Exercises; and
- Best Practices.
