*LLIS.gov* is pleased to announce a new partnership with the US Fire Administration (USFA). The USFA strives to provide national leadership to local fire and emergency services departments. To highlight the new partnership, *LLIS.gov* has created a new [USFA Resource Page](#) where members can access USFA technical and special reports, related *LLIS.gov* original content, featured documents, and valuable links. To access the resource page, log onto [LLIS.gov](#) and click on [US Fire Administration](#) under *LLIS.GOV* PARTNERS.

Additionally, as noted in the latest Newsletter, *LLIS.gov* has a fresh new look, and we encourage you to visit *LLIS.gov* to see it. Although the color scheme has changed, *LLIS.gov* continues to offer the same high-quality and relevant resources, innovative ideas, and best practices related to all hazards preparedness.
